

February 3, 2021

Greetings From Your Administrator:

Due to the ongoing COVID-19 Pandemic, our crowds in the Social Quarters for the most part have not been good. Our Wednesday and Friday crowds have been OK. However, our Tuesday, Thursday and Saturday crowds have not been good at all. On these days we are losing money just by opening our doors. To minimize these losses, effective immediately, we are temporarily closing our Social Quarters on Saturdays unless we have a special event scheduled. On 6 of the last 7 Saturday's we only averaged \$33 in total sales for all day. Hopefully, now that we have a vaccine available for the COVID-19 Pandemic, things will start to improve and get to a point to where we can open back up on Saturdays in a few months or sooner.

Fraternally,

Richard Williamson
